

# ARCHIVES OF NEUROLOGY

VOL 14, NO 2

CONTENTS

FEBRUARY 1966

## ORIGINAL ARTICLES

- Cerebral Infarction and Intracranial Arterial Thrombosis**  
*John Moossy, MD, New Orleans* ..... 119
- Cerebral Infarcts and the Lesions of Intracranial and Extracranial Atherosclerosis**  
*John Moossy, MD, New Orleans* ..... 124
- Central Aromatic Amines and Behavior**  
*Juhn A. Wada, MD, and Edith G. McGeer, PhD, Vancouver, Canada* .. 129
- Reaction of Neoplasm and Brain to Laser**  
*Hubert L. Rosomoff, MD, and Fred Carroll, Pittsburgh* ..... 143
- Cross Talk—The Paradoxical Transmission of a Nerve Impulse**  
*W. James Gardner, MD, Cleveland* ..... 149
- Central Nervous System Involvement in Systemic Lupus Erythematosus**  
*John F. O'Connor, MD, and Daniel M. Musher, MD, New York* ..... 157
- Evaluation of Carotid Artery Compression in Cerebrovascular Disease**  
*Seymour Solomon, MD, New York* ..... 165
- Prognostic Factors in the Untreated Course of Posterior Communicating Aneurysms**  
*Alan E. Richardson, FRCS; John A. Jane, MD; and David Yashon, MD, London* ..... 172
- Hypothalamic Change and Water Metabolism Following Yttrium Y 90**  
*Joel F. Habener, MD, and Alfred M. Dashe, MD, Los Angeles* ..... 177
- Ictal Tremor**  
*Ryan B. Harrington, MD; William E. Karnes, MD; and Donald W. Klass, MD, Rochester, Minn* ..... 184
- The Epileptogenic Focus in Temporal Lobe Epilepsy From a Pathological Standpoint**  
*Nathan Malamud, MD, San Francisco* ..... 190
- Guillain-Barré Disease Complex**  
*H. Richard McFarland, MD, and Grant L. Heller, MD, Ann Arbor, Mich* ..... 196
- Effects of a Vasoactive Drug (Nylidrin HCl) on the Response of the Electroencephalogram to Hyperventilation**  
*Julius Korein, MD; Martin Geller, MD; William I. Rosenblum, MD; and Lucie Levidow, New York* ..... 202
- Familial Proximal Spinal Muscular Atrophy**  
*Richard M. Armstrong, MD; M. Harold Fogelson, MD; and Donald H. Silberberg, MD, Philadelphia* ..... 208
- An Epidemiologic Approach to Multiple Sclerosis**  
*John F. Kurtzke, MD, Washington, DC* ..... 213
- Study of Cutaneous Innervation in Congenital Anesthesia**  
*Andre Bourlond, MD, and R. K. Winkelmann, MD, Rochester, Minn* ... 223

## REGULAR DEPARTMENTS

- Books** ..... 228
- News and Comment** ..... 229
